Powered by Elli ⚡  
the offer and method of purchase varies by country

Škoda iV Charger or "wallbox" is a wall-mounted charger for Škoda EVs. It delivers electricity to the charging cable. Product is currently offered in three versions.

**Charging set MODE 2**

000 054 412AM  
000 054 412AP | UK, Ireland, Malta, Cyprus  
The MODE 2 charging set is designed for home charging and represents a great solution for customers who need to charge their car from regular "home" socket.  
Set includes MODE 2 cable (complete) and charging cable cleaner.

**Charging set MODE 3**

000 054 412BF  
The MODE 3 set is designed for public chargers and is an alternative for those stations that are not fitted with suitable (compatible) charging cable.  
Set includes MODE 3 cable and charging cable cleaner.

**Charging cable bag**

000 087 317BQ  
A practical accessory for any electric car, used for carrying the charging cable.

**Charging cable cleaner**

000 096 150F  
000 096 356G | spare sponges  
The charger cable cleaner is used for cleaning and/or drying the cable before placing it in the interior of the car or a bag.

Sport &  
Design

## Sport pack

The sport pack infuses the Škoda Octavia with sporty dynamic attitude. All practical elements work together to form a unique, self-confident style.

Connectivity

## MyŠKODA Essentials

Škoda Connect and other digital services in your pocket.

It's about the journey, not just the destination – and with the Škoda Octavia, everyone in the vehicle can enjoy the trip. A connected multimedia system makes it easy to communicate with friends and family, get the information you need, and keep you and your passengers happy and entertained while you drive.

With MyŠKODA Essentials you can enjoy even greater interaction with your vehicle. Use the app to remotely check the status of your vehicle, lock or unlock it, or display its parking position. Benefit from statistical insights into your last trip and use them to plan a more efficient route next time. The app also offers access to the vehicle manual or allows you to interact with your preferred service partner, with a number of further functions just waiting to be explored.

With MyŠKODA Essentials in place, your car remains under your control at all times. The app is available for download via the App Store (iOS) and Google Play (Android). Škoda Connect services are available based on the ordered service bundle: Infotainment Online or Proactive Service and Remote Access.

Škoda Genuine Accessories are offered by Škoda as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and Škoda Auto reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range.

Please contact your Škoda Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice. Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO<sub>2</sub> emissions and other performance parameters. Škoda Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
